Students of the Week

Huge congratulations to our
Students of the Week
We are so proud of you all!

Year 7 Ted-Brian

Year 8 Emily

Year 9 Jordan

Year 10 Mimi

Year 11 Louie

Our after-school science club began on Tuesday with Miss Brimicombe, Mr Batten and Mr Hingley.

Our students enjoyed investigating convection using 'rocket teabags'. All students are welcome to attend our science club, which takes place every Tuesday in F15 from 3.30pm until 4.30pm. Next week, students will use red-cabbage indicator to investigate the pH of various household solutions.

Year 11 science revision on 'Energy stores and transfers' was well attended this week. Science revision takes place every Wednesday and Friday from 3.20pm until 4.20pm. Due to high attendance, Wednesday's sessions will move to the main hall.

This week, we had the pleasure of hosting the highly anticipated Winter 7's Rugby Festival, welcoming teams from 10 schools to compete in an action-packed 7-a-side tournament.

The event showcased some incredible talent and sportsmanship, with competitors giving their all on the field.

Both our Isca Year 8 and Year 9 teams put in strong performances throughout their group stages. The Year 9s led the charge, topping their group with an impressive display of teamwork and determination, while the Year 8s also showed resilience and skill to secure their spot in the knockout rounds.

Despite their best efforts, both teams were unfortunately beaten in the quarter-finals. However, they can hold their heads high, having represented Isca with pride and demonstrating the values of Inspiration, Success, Community and Ambition.

A huge thank you to all the schools who participated and to everyone who supported the event, from coaches to spectators. It was a fantastic day filled with great rugby, and we're already looking forward to hosting more events like this in the future!

A huge thank you to all the sports leaders who helped make the event a success. From running the event smoothly to serving up luxury hot chocolates, their contributions were invaluable. They were a true credit to the school and played a vital role in ensuring the day was enjoyable for everyone.

Well done to all involved, and we look forward to hosting the Netball Winter 7's next week.

The Wildlife Trust's Hope Week

Hope Weeks 'Hope is in Our Nature' event will be streamed live on the Wildlife Trusts YouTube channel on Sunday 17th November from 4pm.

This year we are going to celebrate the wonderful work of young activists and local communities, giving ourselves a reminder of just what's possible if we come together and take action for nature. We'll have:

- Live music and comedy
- Inspirational talks
- Panel Q+A sessions
- Films showcasing success stories
- An opportunity to take action

Remembrance Day

Our school community, including representatives from Air Scouts, Sea Scouts, Scouts, Sea Cadets, Army Cadet Force and Guides, gathered together for Remembrance Day on Monday.

A truly special event.

Upcoming Events

Good luck to everyone taking place in the Ten Tors Practice 2 on Sunday.

Have a great weekend everyone.
